In compliance with Applicants' duty under 37 CFR §1.56, the following information is brought to the attention of the Examiner. Applicants also hereby submit the attached form PTO-1449. The above-referenced application claims priority under 35 USC § 120 to U.S. Application Serial No. 08/912,991. Applicants believe the IDS to be timely filed before the mailing of a first Office Action, in accordance with 37 C.F.R. § 1.97(b)(3). In accordance with 37 C.F.R. §1.98(d)(1), copies of references cited on the PTO-1449 are not being submitted because the references have been previously submitted to or cited by the Patent Office in the parent '991 application.

The information identified in this Information Disclosure Statement may or may not be "material" pursuant to 37 CFR §1.56, and the submission thereof by Applicants shall not be construed as an admission that any such patent, publication or other information referred to therein is material or considered to be material (37 CFR §1.97(h)), or even qualifies as "prior art" under 35 USC §§102-103 with respect to this invention unless specifically designated by Applicants as such.

The filing of this IDS shall not be construed to mean that a search has been made or that no other material information, as defined in 37 CFR §1.56, exists.

Respectfully submitted,

Dated: June 16, 2003
